Tatarstan President meets Heinz Hermann Thiele

Tatarstan President Rustam Minnikhanov has met Knorr-Bremse AG supervisory board chairman Heinz Hermann Thiele at the House of Government on May 7. Other attendees at the meeting were Tatarstan Prime Minister Ildar Khalikov, JSC Kamaz general director Sergei Kogogin and aide to President Iskander Muflikhanov.

The parties discussed issues related to further cooperation between Knorr-Bremse AG and JSC Kamaz, as well as plans pertaining to expanding production.

At Knorr Bremse Kamaz joint venture, producing already foundation brakes, a new assembly line for visco dampers was started.

This year's sales volume will exceed EUR 30 mill., strong growth rates for the years to come are expected. The joint venture is addressing to other truck manufacturers in the Russian federation to strengthen their market share for complete brake-systems or -components.

The **Knorr-Bremse Group** is the world's leading manufacturer of braking systems for rail and commercial vehicles. For more than 100 years now the company has pioneered the development, production, marketing and servicing of state-of-the-art braking systems. Other lines of business in the rail vehicle systems sector include automatic, electro-pneumatic or electric door systems, air conditioning systems, control components and windscreen wiper systems, as well as platform screen doors. In the commercial vehicle systems sector, the product range includes complete braking systems with driver assistance systems, as well as torsional vibration dampers and powertrain-related solutions such as the Pneumatic Booster System (PBS) and transmission control system for enhanced energy efficiency and fuel economy.
